Stockton Signature Skin Care Line

The Stockton Dermatology Signature line offers patients quality prevention and protection for their skin

It's been an exciting year thus far and after 7 months, we've decided that our 10th Anniversary is the best time to introduce to you the Stockton Signature Skin Care line.

The Signature line includes a Triple Antioxidant Serum, a Retinol Eye Cream, a Fortified and Ultra Lite Facial Cream, a Fortified and Foaming Cleanser, a lightening agent, and an Advanced Anti-Photoaging Sunscreen.

The new line offers patients products that are reliable and it allows those with a variety of skin types, to use it.

'The nice thing about this line is that it contains great ingredients that have the potential of benefiting many patients and is much more reasonable in price compared with

other skin care lines,' said Toni C. Stockton M.D. F.A.A.D. of Stockton Dermatology. 'I look forward to sharing it with our patients.'

You can purchase the Signature Skin Care line in our office. Additionally, we invite you to call and schedule a consultation with one of our aestheticians to discuss how the product(s) can best fit your individual needs.

For questions or concerns please call our office at 480.610.6366.

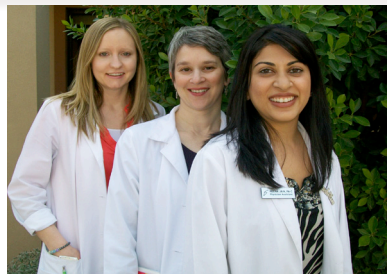

Did you know?

Green tea has calming and soothing properties

Our Triple Antioxidant Serum contains the equivalent of 500 cups of green tea

Kojic Acid, Arbutin and Bearberry (ingredients found in the Foaming Cleanser) help improve skin tone

Resveratrol is the antioxidant from red wine and a key component in our Triple Antioxidant Serum that acts as an anti-aging ingredient
