With the holidays fast approaching, finding the perfect gift for that special someone is nothing shy of an important to-do.

There are the decisions of what kind, how much and where to buy the best present all the while keeping in mind that it needs to be both personable and cost-effective.

Fortunately, the staff at Stockton Dermatology understands this and is offering patients the opportunity to pick

from a variety of affordable stocking stuffers- each for less than \$150.

- 60- Minute Facial for \$90*
- Free Makeup Consultation with Purchase of Product starting at \$50*
- Signature Skin Care Set (Dry Kit) \$67 (Oily Kit) \$77*
- Anti-Aging Skin Care Products starting at \$70*

As the year comes to a close and the holidays draw near, many want to know which procedures they can purchase that will provide noticeable results with minimal downtime in preparation for their holiday parties.

Beginning this month, Stockton Dermatology will offer patients seasonal pricing on Intense Pulsed Light treatments, chemical peels and microdermabrasions.

Many of the procedures are especially appropriate for those wanting to correct fine lines and wrinkles and remove sunspots and irregular pigmentation.

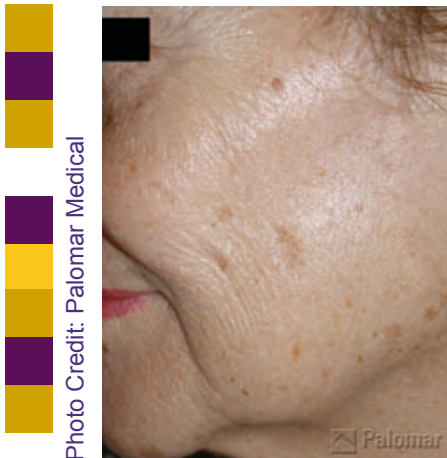

Additionally, the procedures will be available for use 6 months from the date of purchase so patients who prefer to get their treatment at another time can still

benefit from the special year-end pricing.

For questions regarding which treatments are right for you, we encourage you to call our office at 480.610.6366 ext. 101 and ask to speak with a skin care specialist.
